

A Sencorp White Brand

The ClassicMat®

A winning combination of cutting-edge technology paired with speed and efficiency.

It's clearly a win-win.

White has been a pioneer in integrated systems solutions for over 60 years offering cost-saving innovations for automated storage and retrieval systems. Our expertise makes product distribution more efficient, more productive, and more profitable.

The ClassicMat® system allows flexible vertical inventory storage. Picking rates of 115 order lines per hour provide increased efficiency in overall product distribution. ClassicMat® is the next generation in White's line of industry proven VLM's.

Ease of integration provides unparalleled flexibility and customization in work-flow, giving you faster, easier and more efficient product distribution and inventory management.

As a worldwide leader SencorpWhite is committed to setting and maintaining the highest customer satisfaction standards in the industry. Our teams are available 24/7/365 by phone, email, or on-site to assist you.
